

Regulations for BMX Bikes at the Park

BIKE TYPES: BMX, Freestyle or Mountain Bike ONLY – No tandem bikes, 10 speeds or any other variety of bike that is not a BMX, Freestyle or Mountain bike. Mountain bikes may not be Full Suspension (Hard tail only)

WHEEL SIZES: Only 16", 20", 24" or 26" in size.

HANDLEBARS: Must have end caps or grips that cover the end of the bars.

BRAKES: All bikes must have at least one functioning brake.

PEDALS: Must be Aluminum or Plastic.

PEGS: Pegs may be used as long as they are either PLASTIC or SMOOTH METAL with ALUMINUM CAPPED ENDS. Pegs with holes, serrations, grip tape, grooves, or any other type of surface other than smooth, may not be used. If the owner of the bike does not have proper pegs, they must be removed in order to ride the skatepark.

PEG EXCHANGE PROGRAM: We offer pegs for exchange. If you leave a drivers license or collateral in the office, you may use a set of park approved pegs for the session. This free service is brought to you by MATT HOFFMAN.

PROTECTIVE GEAR: All riders must wear elbow pads, knee pads & helmet.

NOTE: No kickstands are allowed or full suspensions are allowed.
